

COMPANY DESCRIPTION

My Cure All, LLC is a healthcare technology company formed in 2019.

Our Mission is to bring physical, social and financial relief from the opioid epidemic and accelerate the acceptance of the legal cannabis industry into the mainstream healthcare and insurance systems.

MCA has built the MyCureAll® Software-as-a-Service (“SaaS”) web application platform utilizing the advances in Artificial Intelligence (AI), digital healthcare and telemedicine technology.

The App connects patients to medical professionals and dispensaries and evaluates and recommends the best cannabis strength and strains for medical conditions to achieve a natural solution to ailments such as pain, anxiety, nausea, fibromyalgia, and substance abuse.

The Management team is comprised of pharmacists, medical professionals, social workers, and substance abuse and mental health professionals that bring pharmaceutical precision and extensive expertise to the field of medical cannabis.

INVESTMENT OFFERING

The Company is offering the following investment opportunities to accredited and institutional investors:

- \$750K 7% Convertible Notes with up to three-year term, with a Conversion feature at investor’s discretion to MyCureAll, LLC Membership Units at a 20% discount.
- \$5M Private Offering of MyCureAll LLC Membership Units. (Anticipated)

INTELLECTUAL PROPERTY

United States Design Patent Pending

The MyCureAll™ web application is patent pending, HIIPA compliant and features the proprietary Canna-Meter™, Canna-Measure™ and telemedicine technology.

PROBLEM

The Opioid Epidemic resulted in over 700K deaths from 2016 to 2020 and cost over \$600B a year. Annual deaths are "projected to reach nearly 82,000 by 2025, resulting in approximately 700,000 deaths from 2016 to 2025.

Medical cannabis is being established in the scientific community as a medication of choice, but the current method of prescribing cannabis is inadequate.

SOLUTION

The MyCureAll® Web Application platform that links Patients to Prescribes, Dispensaries and Insurances and advise them on what Strain and Strength of Medical Cannabis and CBD are optimal for their specific medical conditions.
